

Evonik Products and Services for the Compressed Air & Gas Industry

Description

Evonik is a worldwide, innovative leader in the manufacturing of activated alumina, specialty adsorbents and support media since 1937.

As a world-class producer of premium grade adsorbents for a wide range of industrial applications, Evonik products can be found globally - in over 250 oil refineries, petrochemical plants, and gas processing facilities. They are also used by compressed air & gas OEMs worldwide.

All of Evonik's production facilities utilize state-of-the-art manufacturing technology, adhere to stringent QC procedures, and maintain ISO 9001:2008 certification.

In response to increased demand, Evonik has expanded production capacity, and formed a team dedicated to serving industrial air & gas professionals.

- Unmatched Product Availability
- Superior Customer Service
- Technical and Analytical Services
- Competitive Pricing

Evonik activated alumina desiccants are manufactured in Little Rock, AR USA
